

WATTSMART® NEW CONSTRUCTION Gyms and Fitness

WATTSMART®

ROCKY MOUNTAIN
POWER.
POWERING YOUR GREATNESS

BUILD SMARTER. EARN INCENTIVES. LOWER ENERGY COSTS.

About Wattsmart®

The Wattsmart New Construction & Major Renovations program helps gym and fitness facility construction projects earn financial incentives for incorporating energy-efficient building systems and design strategies. This can help lower long-term operating costs, improve building performance and ensure occupant comfort.

AT A GLANCE — AVERAGE SAVINGS & INCENTIVE

Annual Energy Savings:	230,235 kWh
Annual Energy Cost Savings:	\$10,766
Wattsmart Incentive:	\$31,335

Energy-saving improvement recommendations

- ✓ Variable speed fans for outdoor air intake
- ✓ Evaporative coolers
- ✓ Lowered lighting power density with occupancy and daylighting controls

Maximize your incentive

The earlier your project team engages with the program, the greater the opportunity to identify energy-saving measures and earn available incentives.

Program participation can begin as early as schematic design and up to 6 months after receiving a Certificate of Occupancy.

Real customer feedback

What did you enjoy most about your experience with the program?

“It was very straight forward and we appreciated the rebate received! We were able to take those rebates and put them back into the project.”

- Amanda Dillon, Developer at Giv Development
