

WATTSMART® NEW CONSTRUCTION Schools

WATTSMART®

ROCKY MOUNTAIN
POWER.
POWERING YOUR GREATNESS

BUILD SMARTER. EARN INCENTIVES. LOWER ENERGY COSTS.

About Wattsmart®

The Wattsmart New Construction & Major Renovations program helps school construction projects earn financial incentives for incorporating energy-efficient building systems and design strategies. This can help lower long-term operating costs, improve building performance and ensure occupant comfort.

AT A GLANCE — AVERAGE SAVINGS & INCENTIVE

Annual Energy Savings:	230,000 kWh
Annual Energy Cost Savings:	\$10,755
Wattsmart Incentive:	\$27,600

Energy-saving improvement recommendations

- ✓ ENERGY STAR® appliances
- ✓ Energy-efficient lighting systems
- ✓ High-efficiency HVAC systems and equipment

Maximize your incentive

The earlier your project team engages with the program, the greater the opportunity to identify energy-saving measures and earn available incentives.

Program participation can begin as early as schematic design and up to 6 months after receiving a Certificate of Occupancy.

Real customer feedback

What has participating in the program meant to you and your business?

"This program helped us realize that more than 'owners' are interested in power/other natural resources and the community use of them. The district has always looked at efficient systems and keeping our buildings operating smoothly, but this was a great incentive for energy efficient operations."
- Jackie Allred, Business Administrator at Emery S.D.
