

WATTSMART® NEW CONSTRUCTION Warehouses

WATTSMART®

ROCKY MOUNTAIN
POWER
POWERING YOUR GREATNESS

BUILD SMARTER. EARN INCENTIVES. LOWER ENERGY COSTS.

About Wattsmart®

The Wattsmart New Construction & Major Renovations program helps warehouse construction projects earn financial incentives for incorporating energy-efficient building systems and design strategies. This can help lower long-term operating costs, improve building performance and ensure occupant comfort.

AT A GLANCE — AVERAGE SAVINGS & INCENTIVE

Annual Energy Savings:	116,521 kWh
Annual Energy Cost Savings:	\$5,449
Wattsmart Incentive:	\$8,323

Energy-saving improvement recommendations

- ✓ Lowered fan power
- ✓ Lights with built-in occupancy sensors
- ✓ High-efficiency HVAC systems and equipment

Maximize your incentive

The earlier your project team engages with the program, the greater the opportunity to identify energy-saving measures and earn available incentives.

Program participation can begin as early as schematic design and up to 6 months after receiving a Certificate of Occupancy.

Real customer feedback

What has participating in the program meant to you and your business?

“It shows us that RMP cares about green initiatives and wants to support efficient energy designs and construction.”

- Sam Nelson, Associate at Stokes Stevenson
